

MUSICAL AND DRAMATIC.

The City Amusements.

AT THE ACADEMY OF MUSIC Madame Paropa-Rosa and her English Opera Troupe will open this evening, for a season of twelve nights, with Wallace's opera of *Maritana*. Besides Madame Rosa, this troupe contains several well-known and popular artists, and several new applicants for public favor, who come to us with excellent reputations. The opera announced for this evening is a favorite, and as there is considerable interest felt in the new troupe, the prospects are that a full house will be in attendance. The cast will include Madame Rosa, Mrs. Seguin, and Messrs. Castle, Campbell, A. Lawrence, and T. Howard.

Miss Rose Horace, the new prima donna, will make her debut to-morrow evening as "Amina" in *La Sonnambula*.

On Wednesday Balfe's opera of *The Puritan's Daughter* will be performed for the first time in this city.

AT THE CHESTNUT the performances of *Our American Cousin* on Friday and Saturday evenings were so decidedly successful that the management has concluded to continue it for three nights more. This is an exceedingly amusing play, and it is admirably acted by the Chestnut street company. Miss Keene's "Florence Trenchard" is a charmingly graceful and lady-like personation, and the "Asa Trenchard" of Mr. Bowers and the "Lord Danvers" of Mr. Otis are entitled to warm praise.

It should be remembered that both of these last-named personations are caricatures of the actors, the actors in exaggerating them beyond the semblance of possible humanity only carry out the obvious intention of the author. Mr. Jefferson, who originally played the part of "Asa Trenchard" in this country, did the best he could for it by discarding the outrageous costume of the conventional stage Yankee, and adopting the honest, suit and nasal twang of a genuine New England rustic. Neither he nor any other actor, however, can make "Asa" anything but a caricature drawn entirely from the imagination of an English writer who knew nothing whatever about the original article.

Mr. Bowers does not play this part as well as Mr. Jefferson, but he plays it very well indeed, and is entitled to have his effort judged by a fair standard of criticism. In like manner Mr. Otis' "Lord Danvers" is to be considered a good personation, but unlike "Asa Trenchard" he is evidently a portrait from life, with the salient points exaggerated and touched up by the hand of the caricaturist. Miss Keene has placed this piece on the stage with care and good taste, and as a whole it is as well acted as it ever has been in this city.

Boucault's drama of *Heavenly Down*, a very interesting play, which was originally produced at the Chestnut two seasons ago by Mrs. D. P. Bowers, and Robertson's comedy of *Home*, are announced as in preparation.

AT THE WALNUT Mr. Edwin Booth will commence the third week of his brilliant engagement this evening, by appearing as "Carolina Richey" in *Belle's Drama*. This is one of Booth's most finely studied and artistic personations, and in many respects it is superior to that of any actor who has undertaken the character of late years. The house has been crowded to its utmost capacity every night for the last two weeks, and the prospect is that a rushing business will be done for weeks to come.

To-morrow evening Mr. Booth will appear as "Brutus" in John Howard Payne's tragedy of that name; on Wednesday he will appear as "Richard" in *Othello*; on Thursday as "Richard," and on Friday as "Othello."

AT THE ARCH Boucault's drama of *Formosa* will be performed this evening.

AT THE ELEVENTH STREET OPERA HOUSE the minstrels will appear this evening in an entertaining performance. The Ethiopian burlesque of *Scenes in the City Cars*, *Norma*, *McClure's Fishing Party*, and *A Trip to Paris*, which were so successful last week, will be repeated, with other attractive features.

The GREAT EUROPEAN CIRCUS will open to-day on Eighth street, between Race and Vine. To those who remember this establishment when it was here last, no special recommendation is needed. It is composed of a fine troupe of performers, each of whom has a high reputation in his or her particular line. Among the equestrians and acrobats we find the names of Thomas Watson, James E. Cooke, Frederick Watson, Shapley and Whittier, Charles Conrad and his sons; Madlle Carlotta De Berg, Madame Cecile Watson, Miss Jennie Watson, Madlle Henriette, Miss Marie Bellair, Madlle Josephine, and Miss Jennie S. Clair.

The clowns are Sam Long and Frank Whitaker, both of whom have hosts of friends and admirers in this city. One of the great features of the show will be the performance of Mr. Pierce in his den of lions.

Two performances will be given each day at 2½ o'clock in the afternoon and 7½ in the evening.

LARGEST WORKSHOP OF THE BODY is the Liver so often it is to withdraw the bile from the blood; e this important organ does not act, the skin assumes yellow appearance, and generally a sick headache sets in, with chilly sensations, and cold hands and feet, accompanied with loss of appetite. The system becomes clogged, the machinery does not work well, and both mind and body are disordered, the afflicted becoming cross and fretful, finding fault with everything around them. To any person in this condition DR. D. JAYNE'S SALTATIVE PILLS are recommended; by their stimulating action the Liver soon recovers its healthy tone, and is enabled to perform its proper functions. Constipation is cured, and all the aggravating symptoms of Biliousness removed. Sold everywhere.

THE EXHAUSTED SYSTEM.—Summer is a debilitating season, and the sudden change of temperature which takes place at this period of the year finds the healthiest of us considerably enervated by the preceding heat, and the weakly and delicate almost prostrated. This is not a favorable condition in which to encounter the raw cold winds of October and its chilling fogs and night dews, and consequently intermittent fever, dysentery, bilious attacks, and rheumatism are more or less prevalent everywhere, but especially in localities where the atmosphere is naturally unwholesome. In order to avoid the dangers arising from these causes, the exhausted system should now be renovated and invigorated by a course of ROBERTSON'S STOMACH BITTERS. This purest and most potent of all vegetable tonics and exhilarants regulates the secretions while it renews the strength, and purifies the fluids of the body while it gives firmness and vigor to the nervous organization. Free from the unpleasant flavor which renders the ordinary tonics so repulsive, composed of extracts and juices of the choicest vegetable ingredients and correctives, mingled with a diffusive stimulant from which every noxious element has been expelled, this renowned preparation is, in all respects, the very best medicine of its kind that the world has ever known. Such is the opinion of distinguished members of the medical profession, and the general verdict of the public, after an experience of twenty years, during which ROBERTSON'S BITTERS has attained a greater popularity and a more extensive sale than any specific ever advertised in the columns of the American press.

FINANCIAL.

THE FIRST MORTGAGE BONDS

OF THE

UNION PACIFIC RAILROAD CO.

INTEREST 6 PER CENT. IN GOLD.

The Union Pacific Railroad has been in successful operation since May 10, and it is pronounced, by the thousands who have passed over it, to be in all respects as safe and well built as any railroad in the country. By the Pullman Palace Cars the journey is not only made without danger, but without unusual fatigue. The fears that many have expressed in relation to the perils of the overland trip are removed by experience, and the travel is steadily increasing.

The earnings of the road since its opening are officially stated by the Company as follows:—

From May 10 to May 31.....\$391,420 12
" June 1 to June 30.....706,602 29
" July 1 to July 31.....623,559 96

Notwithstanding the rates for passengers and freight have been largely reduced, the earnings for August will be at about the same average. They will be published as soon as full returns are received. The earnings, as stated above, are at an average of about

Eight Million Dollars a Year,

Which will be steadily augmented by the development of the Pacific Coast, by settlement along the line, and by the natural increase of traffic.

The First Mortgage Bonds of the Company amount to \$28,816,000, and the interest liability to \$1,728,960, gold, or about \$2,334,096 in currency. It will be noticed that the present earnings provide an ample fund for the payment of this interest and leave a large surplus. We are also satisfied that, at present market rates, these bonds are a very desirable investment, and that they will advance in price as soon as the facts concerning the business and condition of the Company are generally understood.

The Land Grant Bonds

To the amount of Ten Million Dollars, were issued to obtain means to finish the road, and are secured by

A FIRST MORTGAGE

Upon the entire Land Grant of the Company, amounting to 15,824,600 acres. Three million acres of this land in the Platte Valley, in Nebraska, are admitted to be equal to any in the West. The sales of land were opened in Omaha July 27, and 40,000 acres were sold during a month thereafter, at an average price of over \$5.00 per acre. While a part of the remainder of the land is of little value for agricultural purposes, there is another part from which a considerable sum will be realized. The value of the Land Grant is largely enhanced by the extensive coal mines, which are now being worked for the supply of the surrounding country, as well as for the railroad, and by other valuable mineral deposits, especially of copper.

THE LAND GRANT BONDS ARE RECEIVED IN PAYMENT for all of the Company's lands, at par, and the demand from actual settlers will give them a certain market. They run twenty years and pay seven per cent. interest in currency.

Although the Company have disposed of all their bonds, yet, as they are offered in market, we continue to fill orders at the current rates.

We have no hesitation in recommending both the First Mortgage and the Land Grant Bonds as a very valuable and perfectly safe investment.
